A resource to help Youth with special health care needs make a successful transition to adult living that includes their health and health care.

REVISED: JUNE 2008
The Pennsylvania Department of Health southwest regional staff and their community partners recognized a gap in health services for youth with special health care needs. When these youth leave school, they transition from having different or no insurance coverage, from seeing pediatric specialists to searching for adult medical specialists, and from good coverage for medications to having to understand new systems for obtaining medicines. Working with the State Transition Team, agencies, and families, the Transition Health Care Checklist was created to guide youth, families, and professionals during this time of change.

This publication is available on-line. Please visit the Department of Health website: www.health.state.pa.us/transitionchecklist

Steps for Success in Using this Document

1. **Identify the health care needs of the individual in transition:**
   - What are the current health care or medical needs
   - What are the expected future health care or medical needs

2. **Identify an individual(s) who can assist you and/or your family in:**
   - Transition health care planning
   - Completing the Transition Health Care Checklist

3. **Learn about specific health care or medical needs**

4. **Determine whether all current providers have “age restrictions” for providing care**

5. **Determine if current health care insurance plan has “age restrictions” for providing coverage**
6. Learn about the Transition Time Line, Financial and Legal Concerns, and transition out of school

7. Explore benefits and services that are provided to eligible adults
   • See Appendices F - N

8. The Transition Health Care Checklist has many contact numbers and websites

9. How to use the checklist with transition plans:
   • Have current assessment information from youth, family, doctors, therapists
   • Know current functioning level at home, school, and in real life situations
   • Set goals and make a plan
   • Are you receiving the help you need? Contact Parent Education Network (PEN) or Parent Education Advocacy Leadership Center (PEAL)
   • Individuals to include when transition planning:
     ▪ Regular Education Teacher, School Nurse, Doctor, Therapists
     ▪ Mental Health/Mental Retardation; Office of Vocational Rehabilitation; Social Security Administration; County Assistance Office; Children, Youth and Families; Case Managers; local advocate
   • Who else needs to be part of your team

Transition Health Care Checklist
Where Do I Begin?

Secondary Transition is the process of preparing youth for life after high school. Transition planning in Pennsylvania is legally required in the IEP by age 14; however, thoughtful transition planning can begin at any age. In a youth’s high school program there are three main postsecondary goals that must be addressed: post-secondary education or training, employment, and community living. These three areas are often referred to as “post-school outcomes” and are the driving force behind the Individual Education Program (IEP) written for students in high school. Transition planning continues through high school as instruction and community experiences support these postsecondary goals. By beginning to discuss transition as early as possible, the IEP team can work with each youth and their family to plan for the future. This includes selecting classes, activities, and services that will be meaningful and motivating to the youth and lead to his/her postsecondary goal. Throughout the planning process it is important to remember that once a student graduates from high school or reaches age 21, s/he is no longer entitled to services through the educational system. A youth must apply and meet eligibility requirements for services provided by adult agencies.

What Happens Next?

Transition planning involves a partnership between the youth, their family, school-age services and program providers, post-school services and program providers, and local community members that results in higher education, employment, and independent living. Transition should be viewed as a bridge between school programs and the opportunities of adult life. The Secondary Transition Process entails recognizing the youth’s current strengths, interests, preferences, and needs and imagining what services and supports he or she will need to achieve future success. This Transition Health Care Checklist (pages 5-10), should be used as part of the transition planning process to ensure that a youth’s health care needs are recognized and incorporated into the plan.

What Type of Services Are Available?

The Pennsylvania Department of Education (PDE) through the Bureau of Special Education (BSE) and local school districts offer a variety of supports to students, parents, and family members in ensuring a successful transition to postsecondary life. These supports include special education teachers, transition coordinators, rehabilitation counselors, guidance counselors, and school health programs. Regionally throughout Pennsylvania there are 29 Intermediate Units (IU) each with at least one designated transition coordinator. Information regarding Pennsylvania’s Intermediate Units can be found on the PDE website at www.pde.state.pa.us. The Pennsylvania Training and Technical Assistance Network (PaTTAN) works collaboratively with local school districts and Intermediate Units to provide professional development, technical assistance and information regarding transition projects, products, and activities that promote successful outcomes for transitioning youth. More detailed information on supports and services provided by PaTTAN can be found at www.pattan.net.
Introduction:

- Read the Steps for Success
- Review your transition postsecondary goals
- Work through the Transition Health Care Checklist to determine what the individual can do now, what needs to be learned, and what supports may be needed
- Make a comprehensive transition plan
- Continue to use this checklist at key transition times to adjust the plan according to the changing needs of the individual in transition

## I. Health Care: Skills Needed for Independence

### A. Communication
- Knows communication methods
  - Verbal—how often are they understood by others
  - Signs/Reads Lips—knows how to arrange for interpreters
  - Devices—knows how to care for, gets routine maintenance, and uses independently
- Written
  - If non-verbal, has a support person available who is familiar with the individual’s methods of communication
- Knows when, why, and how to sign name
- Knows how to communicate by phone/TTY/TTD

### B. Vision/Hearing
- Corrective lenses
  - Knows who provides service and how/when to get a new prescription
  - Uses eye glasses or contact lenses independently
- Hearing devices
  - Knows who provides service and how/when to get equipment repaired
  - Uses hearing devices independently
- Asks for accommodations for Vision/Hearing as needed

### C. Self Awareness
- Knows who is involved with decision making and who to trust
- Knows name, address, telephone number, and who else may have this information
- Knows height, weight, and birth date
- Carries personal I.D. when leaving home
- Knows where their social security card and birth certificate are and when to use them
- Knows present medical condition and past medical history
- Has received training in and understands human sexuality
- Understands who can help
  - Knows health emergency telephone numbers
  - Knows how to dial emergency numbers

---

Transition Health Care Checklist
D. Activities of Daily Living (ADL) and Safety

- Understands Hot and Cold
- Knows how to use and read different types of thermometers
- Can treat minor cuts, scrapes, burns
- Knows how to use household chemicals properly and does not mix them
- Knows how to protect themselves by wearing gloves and safety glasses
- Can read labels or knows who to ask
- Understands the proper use of matches
- Has emergency, fire, and disaster plans made
- Responds appropriately to fire alarms/knows fire exits—knows meeting place
- Has a fire extinguisher and smoke detector and knows how to use and maintain correctly

E. Transportation

- Knows who can provide transportation and how to make arrangements
- Knows about equipment needed
- Knows about funding or saving money to purchase a vehicle, needed adaptations, or services
- Knows how to apply for PENNDOT’s accessible parking placard
- Understands safety aspects of walking

F. Nutrition

- Understands and can deal safely with food allergies
- Understands specialized diets, foods, and medical follow up
- Understands healthy food choices
- Understands funding and budgeting for the purchase of food

G. Fitness

- Understands the benefits of a health and fitness program
- Participates in physical activity with modifications as needed
- Knows and understands the dangers of drugs, alcohol, and abusive behaviors
- Knows where and how to get help to maintain a healthy lifestyle
### H. Self Advocacy
- Knows how to stop and think and when to say “NO”
- Knows how to make contact with community advocacy organizations
- Is aware of Self Determination
- Can call and ask for information, materials, and booklets with needed modifications
- Has good communication with doctors and other professionals (*Appendix A*)

### I. Job Search Considerations
- Is able to discuss with employer conditions that require individualized accommodations
- Has considered the pros and cons of full time and part time work and benefits offered
- Knows how to work with the Office of Vocational Rehabilitation (OVR) (*Appendix M*)
- Knows if the work place has people trained for medical emergencies until 911 arrives
- Has an Emergency Information Form (EIF) completed and given to all who will need this according to the directions on the form [www.aap.org/advocacy/eif.doc](http://www.aap.org/advocacy/eif.doc)

### J. Post-Secondary Considerations
- Is able to discuss conditions that require individualized accommodations
- Has toured schools and visited the Office for Students with Disabilities
- Has considered the pros and cons of full time and part time enrollment and the effect on benefits offered
- Knows how to work with the Office of Vocational Rehabilitation (OVR)
- Has worked with health services to plan for medical emergencies
- Has an Emergency Information Form (EIF) completed and given to all who will need this according to the directions on the form [www.aap.org/advocacy/eif.doc](http://www.aap.org/advocacy/eif.doc)
- Has met with the staff at the Office for Disability Services
- Knows rights and responsibilities under the ADA and the 504 Rehabilitation Act

### K. Managing Medical Information/Record Keeping
- Knows how to write down and follow recommendations of the doctor or dentist
- Knows who can help fill out medical and dental forms
- Has a way of keeping medical and dental records
- Immunizations/medical tests and results/summaries/functional assessment
I. Health Care: Skills Needed for Independence

L. Managing Appointments
- Keeps a calendar of doctor and dentist appointments
- Keeps a notebook of names, phone numbers, and office hours
- Knows when to call and communicate when sick or hurt
- Knows the difference between an emergency (go to hospital) and illness (call your doctor)
- Knows about making appointments for specialists, family planning, genetic counseling, hospital and laboratory tests
- Calls for referrals if needed

M. Pharmacy
- Develops a working relationship with pharmacist
- Knows where to go and which prescription cards to show
- Understands “co-pay”
- Knows to ask the doctor or pharmacist for help

N. Medication
- Knows medication: name, purpose, side effects, restrictions, how to get filled
- Knows when and who to call for prescription refills
- Recognizes medication and when to take it
- Knows how your medications are to be taken (oral, sub-lingual, rectal, vaginal, topical, eye or ear drops/ointments, inhalants, injections)
- Opens “child resistant” caps or can ask for bottles that can be opened
- Fills daily/weekly pillbox
- Knows how to purchase and properly use over-the-counter medication
- Knows who to call with questions or to get help

O. Equipment and Treatments
- Understands and uses remedial/prosthetic devises and equipment as prescribed
- Understands and can do their own treatments and therapies
- Knows who does their treatments and therapies and how often they occur
- Demonstrates responsibility for compliance
- Can arrange for equipment maintenance—both routine and emergency

The hope is that skills can be taught and learned. If a particular skill cannot be achieved for independence, a plan is then developed.
II. Health Care: Explore Benefits & Services

A. Locating Adult Health Care Providers, Finding a Medical Home
   (Current Doctors, Clinic Staff, and other Practitioners can assist you)
   - Understands health insurance to select a doctor
   - Considers living arrangements to be accessible to doctors and medical facilities
   - Evaluates accessibility of the office and exam rooms
   - Prepares questions for doctors, dentists, nurses, and therapists
   - Can respond to questions from doctors, dentists, nurses, and therapists
   - Plans a meeting with providers of health care
   - Knows the difference between primary care, specialists and what each provides

B. Understands that Each Insurance Plan has Approved Providers
   - Understands managed care plans vs. traditional insurance
   - Identifies providers who will accept insurance
   - Identifies services covered by the insurance plans
   - Knows when and how to ask for assistance from Special Needs Unit or Case Managers in the plan chosen

C. Knows How Each Benefit is Identified
   - Understands how to use insurance and when, out of pocket expenses, and carries insurance cards
   - Understands who assists with coordination of services and how to contact them

D. Considers all Options and Limitations
   - Flow Chart of Health Insurance Options .................................................. Page 10
   - Transition Time Line ........................................................... Appendix B
   - Financial and Legal Concerns ......................................................... Appendix C
   - Healthy & Ready to Work National Center ........................................ Appendix D

   - Office of Vocational Rehabilitation ............................................... Appendix M
   - Assistive Technology .......................................................... Appendix N
   - Medical Home .......................................................... Appendix O

Transition Health Care Checklist
If you are 18 years old and have:

- No Medical Assistance (MA)
- No Medical Assistance for Children with Disabilities
- No Private Insurance

Then:

- Apply for MA programs including MA for Workers with Disabilities (MAWD)
- Apply for CHIP/adultBasic
- Obtain private health insurance
- College - apply for student plan

MA with SSI
MA for Children with Disabilities

Apply for SSI (Adult Criteria)
MA Continues*
Apply for MA programs including MA for Workers with Disabilities (MAWD)

Children’s Health Insurance Program (CHIP)
This will end the month of your 19th birthday

Apply for adultBasic (waiting list or purchase)
Explore Private Health Insurance Options

Private Insurance

Student status or disability group insurance
Check HIPAA Portability
Group Plan through Employer
Opt for COBRA
Apply for adultBasic

Ask about Health Insurance Premium Payment (HIPP) - A Medical Assistance Program that will pay your premium for insurance plan at work if you qualify

*You may be dropped from Medical Assistance if you do not meet SSI adult disability criteria
Tips to Maintain Health Insurance

• Private Insurance - Youth may be able to continue on their family’s insurance plan as long as they are considered an “adult disabled dependent child.”
  (page 17 of the Transition Health Care Checklist)
  □ Ask Human Resources or Benefits Department for information/application. This information should include the process and form for the doctor to complete
  □ Include all medical conditions
  □ This may be available as the youth leaves high school

• HIPAA - The Health Insurance Portability and Accountability Act - stands also for portability (page 18 of the Transition Health Care Checklist)
  □ When changing Group Health Insurance get a Certificate of Coverage for portability. This will waive the waiting time and any increased costs for pre-existing conditions. A formula may be applied

• Social Security as an adult is one pathway to public insurance (Medical Assistance) (page 19 of the Transition Health Care Checklist)

• Youth receiving SSDI benefits as a child will need to reapply as an adult with disabilities (page 20 of the Transition Health Care Checklist)

• Youth may want to apply for MAWD-Medical Assistance for Workers with Disabilities (page 23 of the Transition Health Care Checklist)

• It is critical to have current evaluations and assessments including educational, medical and psychological. These are needed to apply and qualify for many services and programs

• Remember to return to the doctor for prescriptions and referrals for testing and services paid by public and private insurance

• Depending on whether private or public insurance is used as primary, explore the type and level of services available. Check if covered services meet the needs of the youth

• Be sure to show all service providers all insurance cards
Appendix A: Communication

Consumer and Provider Checklist for Working Together

- Am I an equal partner?
- Have I mentally reversed roles?
- Have I accepted my share of the responsibility?
- Do I respect the other?
- Do I listen, respond, and listen again?
- Am I open to new ideas and concerns?
- Do I create a comfortable environment?
- Do I bring “what I say” and “what I feel” closer?
- Am I clear about needs?
- Do I clarify fact and opinion?
- Do I respect and discuss confidentiality?
- Do we see each other in more than one dimension: looking beyond the condition or disability?
- Do we value each other’s experience?
- Do we care about each other’s emotional needs?
- Do we encourage communication with others to increase knowledge and to decrease isolation?
- Do we make every effort toward solutions and finding resources?
- Do we plan together?
- Do we all understand the directions?
- Do we follow-through with the shared plan?

Notes:
## Appendix B: Transition Time Line

</table>

*Continue the development of social skills and interests in community and recreational activities throughout these years*
Appendix C:  Financial and Legal Concerns

A.  Is able to provide a signature. At age 18, a youth has the right to make health care decisions

B.  Considers the following in their Financial and Estate Planning
   • Income or funding
     • SSI/SSDI/employment/waiver
   • Estate planning
   • Special Needs Trusts

C.  Has been informed of confidentiality laws such as HIPAA regulations

D.  Has determined decision-making capabilities
   • Is able to make own decisions
   • Has options in place for decision making assistance where needed
     • Signed HIPAA release to hear and see medical information
     • Power of Attorney to help with legal and health insurance matters
     • Representative Payee to help with social security income and expenses
     • Client Advocate to help get services
     • Co-Signer to help with banking and obtaining credit
   • Guardianship (full, limited, emergency) for individuals over the age of 18 who have been declared “incapacitated” (this term is used in PA)
     • Definition: The legal test to determine whether or not a person is incapacitated in Pennsylvania is an adult whose “ability to receive and evaluate information effectively and communicate decisions in any way is impaired to such a significant extent that he is partially or totally unable to manage his financial resources or meet essential requirements for his physical health and safety”
     • Petition filed by attorney; decision made by judge
     • Individual needing guardianship must be included in proceedings unless they would be harmed by being present
     • Guardianship proceedings should be initiated only if there are no other solutions to address an identified problem

E.  Considers the advantages and disadvantages of what it means to be Emancipated
   • Definition varies with different agencies—have you asked your agency
   • Generally Emancipated Minor means:
     • Person is under 21, employable, and no longer under the care and control of parents or legal guardians
     • Not claimed as a dependent on another individual’s federal income tax form
     • The minor is married, divorced or widowed
     • Acceptable Written Proof of Verification of Emancipation
       • Marriage License/Income Tax Form/Court Order

F.  Other Considerations
   • Is able to fill out Income Tax forms or knows who can assist
   • Knows about unemployment and how to apply or knows who can assist
Appendix C: Financial and Legal Concerns continued

Special Needs Trusts

Does your child, youth, adult, sibling with special needs have assets over $2,000 in their own name? (1)

NO

Will your child inherit anything of value from you or someone else? (1)

NO

YES/MAYBE

Does your child earn more than the SSI limit? (1)

NO

YES

Is it a substantial amount?

YES/MAYBE

See a Special Needs Planning Specialist

• Google: Special Needs Planning
• Call your local special needs organization
• Google: MetDESK®

What needs to be done:

• Prepare/review your (& spouse's) Will, Power of Attorney, and Medical Directive
• Consider a Special Needs Trust
• Prepare a Letter of Intent (also called a “Life Care Plan”) - this details directions for daily routines and needs
  • Review your (& spouse's) long-term care plan
  • Review/update all beneficiary designations
  • Notify family and other interested parties

(1) You, or your child, must meet income, resource, and other eligibility requirements in order to be eligible for Medicaid, SSI, and related programs.

For more information in Pennsylvania, contact your local County Assistance Office or online at

www.compass.state.pa.us.
The following is for PA residents. Here is what we know:

- **No Health Insurance** - Two out of five college graduates and one-half of high school graduates who do not go on to college will experience a time without health insurance in the first year after graduation *(Commonwealth Fund 2003)*

- **Dropped from Health Insurance** - Youth are often dropped from their parent’s policies or public insurance programs at age 19, or when they graduate from college and struggle to find jobs with health benefits. Youth are far more likely to be uninsured than older adults: 4 of 10 youth between the ages of 19 and 29 can expect to be uninsured at sometime during the year—twice the rate of adults ages 30 to 64 *(Commonwealth Fund 2003)*

- **Barriers to Getting and Keeping Health Insurance** - “Americans with disabilities face a number of distinct barriers in obtaining, maintaining, and using health insurance and in accessing and using health care services. At the same time, Americans with disabilities also confront the barriers, problems, and frustrations with which most Americans routinely struggle in the insurance and health care systems” *(National Council on Disability 2002 Annual National Disability Policy: A Progress Report)*

### Public Health Insurance: Changes after Reaching Majority Age

#### Maintain Medicaid

- Passed SSI Redetermination - continue benefits
- Emancipated Minor - by marriage or court decision may qualify or continue Medicaid due to income or disability status

#### Dropped from Medicaid

- Former childhood SSI recipient at age 18 did not qualify under SSI redetermination and loses benefits (income too high or does not meet disability criteria)

#### Not Approved - Section 301: Provision to Continue Receiving SSI Benefits

Individuals found ineligible during SSI redetermination may continue to receive SSI benefits *IF* they began receiving state vocational rehabilitation agency services before their 18th birthday. Section 301 allows the youth to retain benefits (SSI & Medicaid) while he/she participates in approved vocational rehabilitation program [www.socialsecurity.gov](http://www.socialsecurity.gov)

#### New to Medicaid

Child did not qualify for SSI under 18 due to family income
At age 18, may qualify for SSI and Medicaid as an adult single head of household
Public Health Insurance: **Continued Medicaid Eligibility**

**While Working: Section 1619(b)**
- Still meets SSI criteria,
- Needs Medicaid in order to work; and
- Gross earned income is insufficient to pay for other supports

**Medical Assistance for Workers with Disabilities (MAWD)**
- Worker could opt to buy-in and receive Medicaid benefits

**adultBasic for Uninsured**
- Meets income eligibility
- See Appendix G

Private Health Insurance: **Continued Benefits via Family Plan**

**Adult Disabled Dependent Child - Depending on Company and Policy**
- May continue on family plan if dependent for life
- Be on family plan prior to turning 18
- Annual re-certification - disability & dependent

**Student Status - Depending on Company and Policy**
- Proof of college class load each semester (often requires full-time status)
- Ages 18 - 22, sometimes older
- Annual re-certification

Private Health Insurance: **Youth Pays Premium**

**Options to buy Private Insurance Health Care Benefits:**
- College - student plan
- Employed - group plan
- Self-pay - single plan
- COBRA

**Concern:** What happens if health status changes and affects continuous employment or attending school? There is no safety-net or ease on/off for health benefits

---

Tip Sheet Developed by: Patti Hackett & Glen Gallivan, Ocala, FL

*The opinions expressed herein do not necessarily reflect the policy or position nor imply official endorsement of the funding agency or working partnerships.*
Health Insurance Portability and Accountability Act (HIPAA)
US DEPARTMENT OF LABOR

www.dol.gov/dol/topic/health-plans/portability.htm
Consumer Hot Line 1(877)881-6388
or www.insurance.state.pa.us

HIPAA - The Health Insurance Portability and Accountability Act
- Provides rights and protections for participants and beneficiaries in group health plans, including protection for coverage that limit exclusions for pre-existing conditions
- Allows for opportunities to enroll in or purchase group or special health plans

HIPAA has Implications for Youth with Disabilities
- States are required to provide people losing group coverage access to individual insurance regardless of their health status as long as they meet certain criteria. This can help adult children who qualify through their parent’s group coverage but may lose eligibility when they reach the age limit
- Youth with disabilities can apply for individual coverage as a “HIPAA eligible individual” through the Blues
  - Eligible individuals include those who have had insurance for at least 18 months where the most recent coverage was under a group health plan or COBRA (Consolidated Omnibus Budget Reconciliation Act of 1986) coverage
  - Applications must be made within 63 days of losing the group coverage
  - It is critical that the person who has paid the premiums for the insurance request a certificate of coverage for portability from the Benefits office of their company. This proves the person with a disability had insurance
    - The youth then needs to present this document to their new employer. This will eliminate or reduce the waiting period for pre-existing conditions

COBRA - Consolidated Omnibus Budget Reconciliation Act of 1986
- Allows individuals and their dependent children the right to temporarily continue health coverage at group rates when the employee is laid off, resigns, and sometimes when fired
- Continued coverage will cost more than the normal group rate (COBRA plans include the employer’s share and the employee’s share of the health plan), but it is less expensive than many individual health plans and provides time to find other health insurance
- The law generally covers group health plans for employers who have 20 or more employees (to include part-time employees) except for plans sponsored by the federal government
Appendix F: Social Security Administration (SSA)

To Apply for Social Security Benefits: Call toll-free
1(800)772-1213

Get more information or apply online at www.socialsecurity.gov

A. General Information

• Considers filing for benefits
• Knows how to contact their Social Security office located in their county
• Is aware of the appropriate use of SSI or Social Security payments
• Complies with reporting requirements to prevent penalties/loss of benefits
  ▪ Change in income, resources, or living arrangements
  ▪ Change of address, drop out of school, get or change a job, get married
  ▪ If going on to post-secondary schooling
• Considers contacting an advocacy agency for assistance in getting a job
  ▪ OVR, County MH/MR, ARC, Ticket to Work, Employment Network
• Recipients may be scheduled for review/determination of continued eligibility
• Is aware that appeals can be filed and follows them through
• Knows and follows time lines

B. Supplemental Security Income (SSI)

• Under age 18 years
  ▪ Eligibility is based on income and resources of the parents and of the child
  ▪ Eligibility is also based on applicant’s approved disability
• 3 months before the 18th birthday
  ▪ Contact the Social Security office for adult eligibility determination and to prevent loss of benefits
  ▪ Eligibility will be based only on applicant’s income and resources at age 18
• Over age 18 years
  ▪ Consider filing for SSI and cooperate with the Medicaid re-evaluation
  ▪ Eligibility is based on the income and resources of the applicant
  ▪ Eligibility is based upon applicant’s disability determination
  ▪ Consider taking advantage of Ticket to Work

C. Social Security Benefits as a Disabled Adult Child (SSDAC)

• Definition: An adult child who is disabled may be eligible based on the parent’s work history if the parent retires, becomes disabled and collects benefits, or if the parent is deceased
• Benefits may begin at age 18
• Medicare will take effect 24 months after this benefit begins (not before age 20)
• Payment of benefits can be sent directly to a child, under the age of 18, if the child:
  ▪ Is on active duty in the armed forces/Is living alone/Is self-supporting
  ▪ Is a parent and filed for their own or their child’s benefits
  ▪ Is within 7 months of attaining age 18
  ▪ Demonstrates the ability to handle finances and no qualified payee is available

Get more information or apply online at www.socialsecurity.gov

To Apply for Social Security Benefits: Call toll-free
1(800)772-1213
D. Social Security Disability Benefits (SSDI)

- Definition: Benefits may be payable if the child has enough Social Security work credits to be “insured” for disability and meets the medical criteria. The amount of work required depends on the age of the child. The minimum work credits needed is six.
- Medicare will take effect after 24 months of SSDI checks.
- Payment amount is based on the actual earnings of the child.

Ticket to Work

- The Ticket To Work And Self-Sufficiency Program (The Ticket Program) is a new part of Social Security. It is for people who receive SSDI benefits and/or SSI benefits because of a disability. The program offers greater choices in getting the services needed to go to work and earn more money. The goal is to earn enough money so Social Security cash benefits are not needed.
- Under the Ticket Program, employment, vocational, and other services can be received to assist going to work and earning more money. These services are provided by Employment Networks which are private organizations or government agencies that have agreed to work with Social Security in providing employment services to beneficiaries with disabilities (See Benefits Planning Assistance and Outreach).
- [www.yourtickettowork.com](http://www.yourtickettowork.com)
- Must be over 18 and under 65 and have a determined disability.
- Must have had a re-determination from child to adult disability standard.

Work Incentive Planning and Assistance (WIPA)

- Provides work incentive planning and assistance to beneficiaries with disabilities.
- Can meet with the families to think through options of working and SSA benefits/Can assist with Individual Education Program (IEP).
- This service is available after the person is getting SSA benefits.
- For individual assessment contact your local work incentive counselor.

Section 301 – Provision to Continue Receiving SSA Benefits

- Can continue to receive SSA cash benefits and also medical benefits if participating in an approved vocational rehabilitation program prior to age 18, or has an active IEP.
- This section of the Social Security law can be used when a youth, at age 18 years, no longer meets the SSA medical qualifications.
- [www.hrtw.org/healthcare/sect_301.html](http://www.hrtw.org/healthcare/sect_301.html)
Medicare

1-800-MEDICARE (1-800-633-4227)

- Our national health insurance program for people age 65 and older and those individuals who have been on SSDI or SSDAC benefits for 2 years. Coverage may also be available for those who have End Stage Renal Disease and those with Lou Gehrig’s Disease (ALS)
- Understands who is eligible and how to contact SSA
- Carries a Medicare card with them and contacts SSA if it is lost
- Is aware of Medicare premiums and coinsurance
- Knows how to look for a physician/supplier
- Is familiar with Medicare prescription drug act/Medicare savings programs
- Knows Medicare rights and appeals process
- Is aware of the Medicare web site [www.medicare.gov](http://www.medicare.gov)
- Understands they may be eligible for both Medicare and Medical Assistance (Medicaid)
- Medicare Prescription Drug Program
  - Enrolls in a Medicare Prescription Drug Plan [www.medicare.gov](http://www.medicare.gov)
  - Applies for Extra Help with Social Security Administration (those who are on Medical Assistance do not need to apply for Extra Help) [www.socialsecurity.gov](http://www.socialsecurity.gov)
  - Considers all needs and is aware of Medigap insurance and Medicare Advantage Plans and knows where to go for help in deciding whether to purchase one and how to choose [www.medicare.gov/Choices/Overview.asp](http://www.medicare.gov/Choices/Overview.asp)

Additional Information from [www.youthlaw.org](http://www.youthlaw.org)

The article, “Establishing Disability For Young Adults” was written for [www.youthlaw.org](http://www.youthlaw.org) November 3, 2003. The article alerts families to look more deeply into this benefit. This helps them to strategize, therefore limiting interruption or loss of benefits at a time when it is most crucial

- A youth must show a disability using the adult SSI standard which states that, for adults age 18 or older, SSA defines “disability” as the inability to engage in any substantial, gainful activity by reason of medically determinable physical or mental impairment, which can be expected to last for at least 12 months or result in death
- If a youth is working, there is the possibility that SSA may determine that the youth is gainfully employed and therefore is no longer disabled. It is important to have as much documentation as possible to support the claim that the youth is still disabled even though able to work
- The childhood disability regulations provide a guide to assessing the functional limitations of a youth. Find common ground between this childhood standard and the adult disability standard that the youth must meet. Use this information to communicate to SSA the true impact of the functional limitations
Medical Assistance/Medicaid

In this document the word Medicaid is interchangeable with the term Medical Assistance

Medicaid is a Federal/State program designed to provide comprehensive and quality medical care for low-income families with special emphasis on children, pregnant women, the elderly, the disabled, and parents with dependent children. In Pennsylvania, this process is known as Medical Assistance (MA) because it includes Medicaid as well as benefits that are not part of Medicaid.

At age 18:

- Apply for SSI benefits. This can be done either on your own or with the help of the County Assistance Office (CAO).
- After applying, a Disability Advocate Program (DAP) worker, located in your CAO, will contact you to assist you with your application for SSI.
- Provide disability documentation to both your CAO and SSA offices.
- If SSI denied, complete SSI appeals process working with DAP worker.

County Assistance Office (CAO):

- Report all changes to your caseworker. Contact the CAO if unsure of your caseworker’s name.
- Follow through with the county recertification process once a year.
- Indicate on all applications or reapplications that there is a child with a disability in the household. Remind your caseworker when applying or reapplying that you have a child with a special need.
- Know how and when to use the ACCESS/Managed Care card.
  - Do not destroy your ACCESS/Managed Care card. If a replacement is needed, contact your caseworker.
  - If a notice has been received that your Medicaid claim will be closed, appeal within 30 days of the notice date. If you were receiving benefits as a family when Medicaid was closed, be sure to alert the CAO that you have a child with special needs. If additional help is needed, contact Legal Services in your county.
Managed Care Special Needs Unit

- If unfamiliar with Managed Care, ask your caseworker or Case Manager in the Special Needs Unit. To contact a Special Needs Unit in your area:

Medical Assistance for Workers with Disabilities - MAWD

- Full Medicaid coverage is available for those:
  - Age 16 years to 64 years
  - Who are considered disabled by meeting social security criteria and are employed or self employed
  - Who meet income and resource criteria
    - Is more generous than traditional Medicaid
    - There are deductions that may apply
  - Participants pay a monthly premium based on their income
  - For more information visit www.dpw.state.pa.us

Children’s Health Insurance Plan - CHIP

CHIP General Information and Tips

- Free and Low-Cost coverage for uninsured children up to age 19
- Must be a PA resident
- Child must be a US citizen or be in lawful status
- Eligibility determination considers age of child and household income
- Determination considers child for either CHIP or Medicaid
- Pre-existing conditions and assets are not a consideration
- Enrollment is for 12 consecutive months; renewals occur yearly
- Benefits are a comprehensive package; no deductibles
- No co-pays with Free CHIP. There are co-pays with Low-cost and Full-cost programs.
- Identification cards are from insurance carrier and are not unique to CHIP
- Notices are sent to advise of changes
- An Eligibility Review Process (ERP) exists to allow for a review of an eligibility decision
- A single application can be used to apply for CHIP or Medicaid
adultBasic Insurance Plan

adultBasic General Information and Tips

• Low-cost coverage for uninsured adults, age 19 through age 64
• Must be a resident of PA for 90 days, a US citizen, or be in lawful status
• Must have had no health insurance coverage in last 90 days, except for a person or their spouse who lost health insurance coverage because they are no longer employed
• Pre-existing conditions and assets are not a consideration
• Eligibility determination considers household income, age, and number of persons in the household
• Determination considers adult for either adultBasic or Medicaid
• If enrolled, a low monthly premium payment is required as well as co-pays; no grace period if premium payment not made
• If eligible and there is a waiting list for enrollment; option to purchase coverage exists. For cost, please see www.insurance.state.pa.us keyword: adultBasic
• If eligible and placed on a waiting list for enrollment, there is an option to purchase coverage at full-cost at any time. If eligible, purchasing or canceling full-cost adultBasic coverage while on the waiting list will not affect position on the waiting list. For coverage of adultBasic, please contact the adultBasic insurance contractor in your county
• Renewals occur yearly
• Benefits are basic; do not include prescriptions, vision, dental, or mental health services
• Notices are sent to advise of changes
• An Eligibility Review Process (ERP) exists to allow for a review of an eligibility decision
• A single application can be used to apply for CHIP, Medicaid, or adultBasic

General Insurance Options

Other Insurance to Consider

• Life and Car Insurance, Liability Insurance, Property and Casualty Insurance
• Private Health Insurance Options
  ▪ Examples are Special Care from the Blues, Advantage from Aetna
Appendix H: Medicaid-Funded Waivers

To apply for waivers: Office of Social Programs 1(800)757-5042
Welfare Helpline 1(800)692-7462 or www.dpw.state.pa.us
Online Application - www.compass.state.pa.us

Where do I Begin

• Most services have functional and financial requirements. The eligibility requirements for each waiver are listed below
• To apply for services you will need to complete a Medicaid application that can be obtained at any of the following:
  ▪ Local County Assistance Office
  ▪ Area Agencies on Aging
  ▪ Centers for Independent Living
  ▪ Hospitals
  ▪ County Human Service Agencies
• You will need to bring the following:
  ▪ Proof of Income
  ▪ Proof of Assets
  ▪ Information on any transfer of assets during the past 3 years
• You should receive a written notice within 30 days after you apply

What Happens Next

• Some waivers may have a waiting list, particularly the waivers for people with Mental Retardation
• If services are available, you may have a choice of service providers
• If you want to use a service provider who is not enrolled in that program, ask how they can be enrolled

What Types of Services are Available

• The type and amount will depend on the program(s) in which you are enrolled

</table>
| **Attendant Care/Act 150** | • PA residents ages 18 through 59 who are mentally alert, have physical disabilities, are capable of managing their own legal and financial affairs and capable of selecting, supervising and terminating an attendant  
                          | • Attendant Care Medicaid Waiver Program has income and resource requirements  
                          | • Attendant Care Act 150 Program has NO income and resource requirements, but includes sliding scale co-pays                                                                                                  |
| **COMMCARE Waiver**     | • PA residents age 21 and older who experience a medically determinable diagnosis of Traumatic Brain Injury (TBI), have substantial functional limitations, and require a Special Rehabilitative Facility (SRF) level of care  
                          | • TBI is defined as a sudden insult to the brain or its coverings, not of a degenerative, congenital or post-operative nature, which is expected to last indefinitely                                                                   |
| **Consolidated Waiver for Individuals with Mental Retardation** | The Consolidated Waiver for Individuals with Mental Retardation provides services to eligible persons with mental retardation so that they can remain in the community                                      |
| **Elwyn Waiver**        | The Pennsylvania Elwyn Waiver Program provides home and community-based services to eligible persons age 40 and older who are deaf, blind, or deaf and blind, and who reside in Delaware County                                                                 |
| **Independence Waiver** | Pennsylvania residents age 18 and older with a severe physical disability requiring a nursing facility level of care. The disability must result in substantial functional limitations in three or more of the following major life activities: mobility, communication, self-care, self-direction, capacity for independent living, and learning |
### Support Services Waivers continued

Go to: [www.dpw.state.pa.us/ServicesPrograms/MedicalAssistance?SuppServWaivers/](http://www.dpw.state.pa.us/ServicesPrograms/MedicalAssistance?SuppServWaivers/)

(select waiver) **As you apply for waivers, consider there may be waiting time**

| **LIFE (Living Independence for the Elderly)** | LIFE is a managed care program for frail, over 55 years, elderly recipients who have been determined to need "nursing facility level of care" but wish to remain in their home and community as long as possible |
| **Michael Dallas Waiver** | The Michael Dallas Waiver provides home and community based services to eligible persons of any age who are technology-dependent. Technology dependence is defined as requiring technology to sustain life or replace vital bodily function and avert immediate threat to life |
| **OBRA Home and Community-Based Waiver** | Provides services to people with developmental physical disabilities to allow them to live in the community and remain as independent as possible  
- Pennsylvania residents age 18 and older with substantial functional limitations in three or more of the following major life activities: mobility, communication, self-care, self-direction, capacity for independent living, and learning  
- Other related conditions (ORCs) include physical, sensory, or neurological disabilities which manifested before age 22  
- A limited number of individuals with an Autism Spectrum Disorder diagnosis can be served under the OBRA Waiver |
| **Pennsylvania Department of Aging (PDA) Waiver** | The PDA Waiver provides nursing facility eligible Pennsylvanians age 60 or older, services to live independently in their homes and communities |
| **Person/Family Directed Support Waiver** | The Person/Family Directed Support Waiver provides services to eligible persons with mental retardation so that they can remain in the community |
Appendix I: Special Health Conditions Programs & Clinics

Purpose:
The Pennsylvania Department of Health will reimburse medical care providers for medical services provided to eligible Pennsylvania residents who do not have the financial resources or health insurance coverage to enable them to access these services.

Conditions:
Medical Payment Services are available to children and adults with the following conditions:

Services for Individuals

Under 22 Years of Age Children and Youth:
- Cardiac
- Child Rehabilitation
- Cleft Palate

Any Age:
- Cooley’s Anemia
- Cystic Fibrosis
- Galactosemia
- Hearing and Speech Impairment
- Orthopedic

Over 21 Years of Age:
- Traumatic Brain Injury

Eligibility
Criteria for eligibility are: U.S. citizenship, Pennsylvania residency, medical confirmation of a diagnosis of one of the medical problem listed above, lack of monetary resources or health insurance (including Medical Assistance and Children’s Health Insurance Program). Depending on income some families share in the cost of treatment based on a sliding scale. If the eligible individual has health coverage, it must be used first to pay for care since the Department is the “payer of last resort.”

To Enroll
Contact the Bureau of Family Health’s Eligibility Unit listed below to request an enrollment application. Eligibility is based on review of a client’s health care coverage, income, age and medical confirmation of condition. Once enrolled, a client must reapply annually for eligibility verification.
Appendix J: Services through the Office of Developmental Programs (ODP)

For assistance call ODP’s Customer Service Number: 1(888)565-9435
Web address: www.dpw.state.pa.us/Ser
ticePrograms/MentalRetardation

Where do I Begin

• Call to register with the County Office of Mental Health and Retardation (MH/MR). Number for your county MH/MR office is in the phone book
• The county offices serve individuals of all ages
• Take documents such as medical, psychological, and school records. The County Office of Mental Retardation will then determine if you are eligible for services. Onset of MR must occur and be diagnosed prior to age 22
• If eligible, you may choose a Supports Coordinator
• If eligible, consider applying for Medical Assistance Programs
• Ask for the brochure about waivers and talk with a Supports Coordinator about eligibility

What Happens Next

• Depending on services available and your needs, the Supports Coordinator may:
  ▪ Attend your IEP meeting to help you with planning for your future
  ▪ Talk with you about your needs and goals
  ▪ Help you develop your individual plan
  ▪ Offer you an opportunity to complete an application for the Consolidated or Person/Family Directed Support Waivers
  ▪ Help you arrange to work with individuals or agencies in the community
  ▪ Offer you the opportunity to complete a Prioritization of Urgency of Need for Services (PUNS) form and place you on the waiting list
  ▪ Help to identify other types of community supports and services that would help you while you are waiting
• Youth or families should report changes in needs to Supports Coordinators

What Types of Services are Available

• Home and Community Services
• Employment Services
• Respite Services
• Transportation Services
• Other Community Services:
  ▪ Adult Day Services
  ▪ Home Finding Services

Contact your county MH/MR office for specific information about these services

29
Transition Health Care Checklist
Appendix K: Mental Health (MH)

Where do I Begin
- Call the local County Office of Mental Health and Mental Retardation (MH/MR)
  - The county MH/MR offices serve as a referral source. Most mental health services are
delivered by contracted local provider agencies
  - If experiencing mental health crisis, contact your county Crisis Intervention or go to your
nearest emergency room
- The county MH/MR office determines a person’s eligibility and discusses funding options,
assesess the need for treatment or other services, and makes referrals to appropriate programs
to fit the needs. If determined eligible, a case/care manager will be assigned, and frequency
and type of contact between consumer and case/care manager will depend on need
- A case/care manager in your insurance plan may assist you to locate services
- The cost of these services will vary and may be covered by:
  - Private insurance, Medical Assistance Programs through behavioral health managed care or
fee-for-service, Children’s Health Insurance Program (CHIP) pays for some of these
services. For eligible individuals – see page 10 of this checklist
  - People who use services but are not on Medical Assistance and are without access to other
insurance, will be assessed for their ability to pay for services by the county MH/MR office
  - Physicians (primary doctor or psychiatrist) or psychologist may need to complete an evaluation
or assessment to document medical necessity for a specific level of care or treatment

What Happens Next
- Depending on services available and your needs, the case/care manager may:
  - Help you get needed insurances or benefits (ex. Social Security, Medical Assistance)
  - Talk with you about your needs and goals
  - At age 18, help you develop a plan to transition from the children’s service system to the
adult service system (children’s services are more intensive than adult services)
  - Help you arrange for and work with individuals or agencies in the community
  - Attend and participate in the IEP with the permission and invitation of consumer and parent
- Youth or families should report changes in needs to case/care manager

What Types of Services are Available
- Short-term Inpatient Treatment
- Partial Hospitalization
- Outpatient Care
- Emergency Services
- Specialized Rehabilitation Training
- Vocational Rehabilitation
- Residential Arrangements
- Housing

Eligibility for Behavioral Health Rehabilitation Services continues until the youth reaches his or her
21st birthday. An adolescent may continue in treatment in a JCAHO (Joint Commission on
Accreditation of Health Care Organizations) accredited Mental Health Residential Treatment Facility
program until the age of 22, as long as they are in treatment at the program prior to their 21st birthday

If a consumer is lost to their County System, they may re-enter by calling their county MH/MR
office, their behavioral health managed care plan case/care manager, or primary care physician
Appendix L: Children, Youth and Families (CYF)

If you have any questions please contact the appropriate CYF Regional Office:
- Central (717) 772-7702
- Northeast (570) 963-4376
- Southeast (215) 560-2825
- Western (412) 565-2339

Children Receiving Services while Living in their own Home
- Children who are living in their own home and receiving services from the County Children and Youth Agency (CCYA) or Juvenile Probation Office (JPO) will carry their health insurance coverage and receive health care services in the same manner as they did prior to receiving CCYA or JPO services.

Children Receiving Services while Living in Out-of-Home Placement
- Children or youth living in out-of-home placement are in the legal custody of the county children and youth agency or under the jurisdiction of the juvenile court.
- Out-of-home placement settings include: shelter homes; foster homes; group homes; supervised independent living; residential treatment facilities; child residential facilities; juvenile detention centers; and youth development centers.
- When it is determined that a child needs out-of-home placement services, a family service plan and child permanency plan is completed. The ultimate goal is for the youth to have adults in their lives who have made a commitment to care for and support them to the age of maturity and beyond.
- While a child or youth is in out-of-home placement, a caseworker or probation officer should work with other appropriate agencies to assist the child or family in planning for transition out of the CCYA/JPO system prior to the youth’s discharge.

At the Youth’s 18th Birthday
- The youth may return to their own home.
- The youth, the youth’s attorney, or the attorney who is appointed as the Guardian Ad Litem may petition the court to continue out-of-home placement services in order to complete a course of treatment or educational instruction up to age 21.
- The youth who is adjudicated dependent and/or delinquent may participate in an Independent Living (IL) Program anytime from age 16 up to 21, including after discharge from placement services. IL services available to youth include:
  - Life Skills
  - Employment
  - Support Services
  - Education and Training
  - Housing
  - Prevention Services

While in Out-of-Home Placement, many Youth are Covered under the Pennsylvania Medical Assistance (MA) Program
- The youth needs to ask their Health Insurance Plan or MA Plan for a “portability statement” of the insurance coverage they have, including the length of time they have been covered under the plan.
- Youth remaining in the custody of the CCYA will remain covered under MA while in out-of-home placement.
- Prior to the 18th birthday, the youth can follow the suggestions on page 10 and ask for assistance, as needed, to apply for appropriate programs.
- If a youth is no longer in out-of-home placement at age 18, the youth must apply or re-apply for the MA program.
Appendix M: Office of Vocational Rehabilitation (OVR)

1-800-442-6351 • TTY 866-830-7327
Labor & Industry Website: www.dli.state.pa.us Click: disability services

Where do I Begin
• Any youth with a disability interested in working, who may meet the eligibility criteria should be referred to the local OVR district office
  ▷ Referral can be made up to 2 years prior to graduation and can be made by anyone
• Initial Interview – Take with you the following:
  ▷ A medical history related to the youth’s disability (names and addresses of doctors and specialists, hospital admissions, names of medications)
  ▷ Expect to discuss how the youth’s disability may affect their ability to work
  ▷ Education History/Individual Education Program (IEP) and Job History
  ▷ Vocational tests and reports that are available

What are the Eligibility Criteria
• Unlike the entitlement services provided by special education, OVR is an eligibility program, which means a referred youth must meet the following criteria to qualify for services:
  ▷ Have a disability that is a physical, mental, or emotional impairment which results in a substantial impediment to employment
  ▷ Benefit in terms of an employment outcome from services provided
  ▷ Vocational rehabilitation services are required to prepare for, enter, engage in, or retain gainful employment
• Eligibility for services is determined within 60 days by a qualified VR counselor

What Happens Next
• If eligible, services will be provided based on severity of disability (federal law)
• An Individualized Plan for Employment (IPE) will be jointly developed by the individual and OVR counselor. The goals of the IPE and IEP should support the youth’s employment outcome
• A financial needs test will determine what costs will be covered by OVR and what the youth or family may be required to contribute
• Diagnostic services, vocational evaluations, vocational counseling and guidance, and job placement services are always provided by OVR

What Types of Services may be Included in the IPE
• Diagnostic & Vocational Evaluations; Counseling, Guidance & Placement Services; Training Services & Supports; Physical Restoration Services; Assistive Technology Services

Employment and Completion of the Program
• OVR services will end when the youth achieves the IPE goals and is successfully employed for at least 90 days. The case will then be closed
• If necessary, OVR post-employment services are available after the case is closed

Additional Programs Offered by OVR
• Bureau of Blindness and Visual Services (specialized children services, orientation and mobility, rehabilitation teaching)
• Office for the Deaf and Hard of Hearing (information and referral, advocacy, interpreter database)
• Hiram G. Andrews Center (comprehensive vocational training program)
Appendix N: Assistive Technology (AT)

What is Assistive Technology (AT)

- Assistive Technology (AT) means any item, piece of equipment or product system, whether acquired commercially, modified or customized, that is used to increase, maintain or improve functional capabilities of individuals with disabilities
  - AT includes DEVICES such as wheelchairs, hearing aids, and reachers
  - AT also includes the SERVICES you need to find and use the devices, including evaluation, customization, maintenance and repair, and training for you and the people who support you
- Assistive Technology devices can help you with activities related to work, school, and community living. Examples of AT devices include:
  - For work or school: Devices or software that enlarge and/or read print
  - For work or school: Keyboards with large keys and hands-free mouse
  - For community living: Changes to your home or vehicle so you can get around
  - For community living (recreation): Special gloves and handles that allow you to participate in hunting, fishing, gardening, and other activities

What are the Resources for Learning about and Getting Assistive Technology

- Assistive technology may have been provided to you from your school
  - As you prepare for transition, you will need to know who owns the AT devices and whether or not you can take it with you
  - As you plan for transition, think about other AT devices you don’t have now. Some insurances may pay for AT while you are still in school
- In school, your Individualized Education Program (IEP) team can help you identify the devices you will need and help you use them
  - Your school district may have staff who is knowledgeable about AT
  - Your Intermediate Unit has at least one Assistive Technology Consultant who can help
  - If you need AT for employment, contact your OVR counselor and consider including AT in your Individualized Plan for Employment (IPE)
- At any age, Pennsylvania’s Initiative on Assistive Technology (PIAT) can help you learn about, borrow, and try AT devices that might be helpful to you in education (including post-secondary education), employment, and/or community participation and independent living
Appendix N: Assistive Technology (AT) continued

What Programs are Available through PIAT

- PIAT’s programs are free and available throughout Pennsylvania

- **Information and Referral:** Call 1-**800-204-7428** or TTY 1-**866-268-0579** or contact [ATinfo@temple.edu](mailto:ATinfo@temple.edu). PIAT can also work with you to identify vendors and service providers, locate used equipment, and learn about funding

- **Device Demonstrations and Loans:**
  Call 1-**800-204-7428** or TTY 1-**866-268-0579** or contact [ATdemo@temple.edu](mailto:ATdemo@temple.edu) or [ATlend@temple.edu](mailto:ATlend@temple.edu).
  Our staff can assist you in making a decision about the AT that is right for you, through device demonstrations and equipment loans

- **Free adapted telecommunication equipment:**
  The Telecommunication Device Distribution Program (TDDP) is a source for FREE equipment for qualified Pennsylvanians with Disabilities that necessitate the use of special equipment in order to use the telephone.
  Equipment includes amplified phones, large button phones, hands free headsets, TTYs, talking keyboards, and other specialized equipment. For more information on eligibility or to request an application, contact PIAT at 1-**800-204-7428** voice, TTY 1-**866-268-0579**, or email [tddp@temple.edu](mailto:tddp@temple.edu)
What is a Medical Home

A medical home is not a building, house or hospital, but rather an approach to providing health services in a high-quality and cost-effective manner. A medical home is defined as health care that includes:

- Provision of preventative care
- Assurance of ambulatory and inpatient care for acute illness 24 hours daily
- Provision of care over an extended period of time
- Identification of the need for subspecialty consultation and referrals
- Interaction with school and community agencies
- Maintenance of a central record and database with all pertinent medical information
- Coordination of care

What does it Mean for Youth

With health care services for adolescents who have special needs, the focus is on the following:

- Offering a comprehensive approach to providing adolescent health care services
- Increasing access to health care services for adolescents, including the documentation of health needs
- Promoting health and mental well being as part of a successful transition from youth to adulthood
- Reducing health disparities among adolescents
- Finding connections to other medical and non-medical community resources
- Providing an environment of trust and mutual responsibility
- Identifying and facilitating transition in the myriad of areas where change is required

What can Families and Youth Do

- Contact the PAAAP or the PAFP to see if there is a medical home practice near you
- Talk with your doctors to see if they are connected to the PAAAP or PAFP and are they interested in participating in the Medical Home Projects
- You or your doctors may contact the above programs
This document, the core committee and the state wide efforts have been encouraged and supported by The Pennsylvania Department of Health as part of the PA MOU (Memorandum Of Understanding) State Transition Leadership Team. This team provides the spring board for cross agency, community, and family collaboration.

**The Concern:** that youth are leaving school to discover they have no health insurance or doctor and difficulty obtaining medications and treatments.

**The Population:** youth with complex medical conditions who are working with multiple government and private agencies.

**The Goal:** to provide a checklist, resources, and steps to assist youth and families to make a successful transition to adult living that includes health and health care.

**The Disparity:** people with disabilities are truly a minority population with disparities in obtaining health care due to issues of access, provider availability, income, discrimination, and communication.

**The History:** this effort began in September 2003, in SW Pennsylvania and has grown to involve statewide and national interest.

This effort has been facilitated by a core committee:

- **Patti Agosti**, Parent
- **Susanne Durler**, Parent
- **Carol J. Gettemy**, RN, BSN
  Special Health Care Needs Consultant
  PA DOH
- **Sharon Gretz**
  Systems of Care Coordinator
  Special Kids Network
- **Larry Klinger**
  Assistant Director of Special Projects
  Allegheny Intermediate Unit (AIU)
- **Joy Smith**
  Work Incentives Coordinator
  AHEDD
- **Michael Stoehr**
  Education Consultant, PATTAN
  Pittsburgh office
  Member of PA MOU
  State Transition Leadership Team
  for the PA Department of Education

**The Collaborative Group:**

- Listened to families who struggle with questions about access to adult medicine, changes in health care insurance, time lines for change, and employers who do not understand unique health concerns.
- Reviewed checklists, literature, Healthy People 2010 Objectives, the March 2002 New Freedom Initiative.
- Built on this knowledge.
- Then began with the question:
  Does the individual's health impact on the transition activity?
Valuable Key players who supported, encouraged and for whom this document could not have emerged:

**Ellen Romett**, Retired as Director of PaTTAN Pittsburgh

**Joan Kester**, current position-HRD Specialist, Mid-Atlantic Rehabilitation Continuing Education Program the George Washington University

**Abbie Barwick**, Pennsylvania Department of Health, Bureau of Family Health, Program Administrator for the Special Kids Network Systems of Care

---
